

Fpt Software Company Limited

# **CAMPUS – LINK** **GLOBAL SOFTWARE TALENT**

---

**Jun, 2015**

- 
1. What is “GLOBAL SOFTWARE TALENT” Program?
  2. How to join this program in 2015?
  3. How many topics has in this program in 2015?
  4. What methodologies are applied for training and coaching in GST Program?

- 
1. FSOF Introduction (Video Clip)
  2. “GLOBAL SOFTWARE TALENT” Program Introduction
  3. Question & Answer

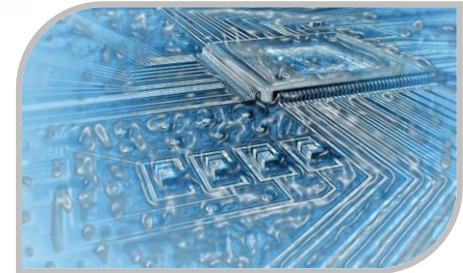

# FSOFT Introduction - What we do?

## Application Services

### Migrations Services

### Embedded Systems

### Mobility & Cloud

### ERP Solutions and Services

### Business Process Outsourcing Services

### Testing Services

# GLOBAL SOFTWARE TALENT

**"OUR MISSION, YOUR VALUE"**

*"A more than 300 hours comprehensive training and practicing in Mock projects with state-of-the-art industry know-how and experiences documented and shared!"*

I wish I could have it! :(

*Do you want to join a global IT company?*

**Ready?**

**Join our "Global Software Talent" program NOW to make it HAPPEN!**

– What is it?

**Website:**  
**campuslink.fsoft.com.vn**

# “GLOBAL SOFTWARE TALENT” – What Is It?

**Global  
Java  
Developer**

**Global  
.Net  
Developer**

**Global  
C++  
Developer**

**Global  
Embedded  
Developer**

**Global  
Software  
Tester**

**Global ...  
more**

**.Net**

Core C# / C# Collection / LINQ,  
Automation Tests with Visual Studio Unit Test,  
ADO.Net / ORM / Entity Framework 3.5,  
HTML5 / CSS3 / JavaScript / JQuery,  
ASPX / ASPX MVC 3.5,

Tools: Visual Studio 2012, MSSQL,  
Subversion, Redmine

**Java**

Core Java / Java Collection Framework,  
Automation Tests with JUnit ,  
JDBC / ORM / Hibernate 3.0,  
HTML5 / CSS3 / JavaScript / JQuery,  
JSP Servlet / Spring / Spring MVC,

Tools: Eclipse, MySQL, Subversion,  
Redmine, Sonar...

**C ++**

Standard Template Library (STL),  
File Processing, C++ Desktop Programming,  
Windows API, User Controls, Hook, Shared Mem,  
MPI, Error Handling / Debug Tracert Tracking,  
Automation Test with CPPUnit

Tools: Visual Studio 2012, Subversion,  
Redmine

## BASIC KNOW-HOW

(state-of-the-art knowledge and practices)

- Requirements & Designs (analysis & design techniques)
- User Interface Designs (best practices and checklist)
- Architecture & Designs (OOAD & practical design patterns)
- Coding & Review & Automation Tests (OOP & best practices)
- SQL/SQL Programming with procedures and functions

# “GLOBAL SOFTWARE TALENT”– Program

Global  
.Net  
Developer

Global  
Java  
Developer

Global  
C++  
Developer

How to Create a Test Plan,  
Testing Techniques (Static & Dynamic; Black-box & White-box),  
How to Write Good Test Cases / Effective Defects,  
Web Application Testing, Automation Tests,  
Testing Ethics...

**Tools:** Testlink & Bug Zilla

## Testing

### BASIC KNOW-HOW

(state-of-the-art knowledge and practices)

- Requirement Concept & Process
- Configuration Management Basics & SVN Tool;  
Review and Testing Basics
- SQL Basics

**Tools:** MS SQL Server, Subversion

**Global  
Software  
Tester**

# “GLOBAL SOFTWARE TALENT” – Program

**Global  
Embedded  
Developer**

- Embedded Software Development
- Getting started with K146 freedom board
- ARM Cortex-M architecture overview
- Exception and Interrupt
- Peripherals Clock distribution & Multipurpose Clock Generator
- Peripherals PIT Timer, Peripherals UART
- Introduce to Basic Real-Time Applications, RTOS and Freescale MQX RTOS, Freescale MQX Timer, Freescale MQX RTOS Task Synchronization
- Software Development Process
- Mock Project

## ■ Blended Learning

- Offline training
  - Lecturers & Professional Software Engineers of FSOF
  - Coaching Workshop at University
- Online training
  - Learning videos
  - Coaching by Web-based Seminars
- “VERY REAL” Materials
  - Mock Project Oriented Training
  - Documents from FSOF (Guidelines, Templates, Best practices, Lesson learns, ...)

# “GLOBAL SOFTWARE TALENT” - Benefits

**Easy  
to  
GET A JOB**

Have **many opportunities**  
to work **onsite**  
in US, Europe,  
Japan and  
South East Asia

Get  
**“Global  
Software  
Talent”  
certificate**

**YOUR  
BENEFITS**

No more  
**entry-tests** and  
**3 months** training  
when **applying to**  
**FPT SOFTWARE.**

You **join** directly  
to **projects!**
